

Brass Worksheet activity #1

1. Draw a line to match the correct position to each note.

This section contains five musical staves on the left and three trumpet diagrams on the right. Each staff is in bass clef, 4/4 time, and contains a single whole note. The notes are: G2 (first line), F2 (first space), E2 (second line), D2 (second space), and C2 (third line). The trumpet diagrams show fingerings for notes: the first diagram has finger 1 on the first valve; the second diagram has finger 2 on the second valve; the third diagram has finger 4 on the fourth valve.

2. Compose your own song using the previous notes. Use minims, crotchets, and quavers for the rhythm.

A blank musical staff in bass clef, 4/4 time, divided into four measures by vertical bar lines. The staff is intended for the student to compose a short piece using the notes and rhythms specified in the instructions.
